INFORMATION DISCLOSURE STATEMENT

Sir:

Pursuant to the applicant's duty of disclosure, the information listed in the attached form PTO-1449 is brought to the attention of the Examiner.

It is respectfully requested that the information cited in annexed Form PTO-1449 be considered by the Examiner in connection with the above-identified patent application, and that such art be made of record in said application.

According to the August 5, 2003 OG Notice published by the Patent and Trademark Office, the Office has waived the requirement under 37 C.F.R. §1.98(a)(2)(i) for submitting a copy of each cited U.S. patent and each cited U.S. patent application publication for all U.S.

national patent applications filed after June 30, 2003 and for all international application that have entered the national stage under 35 U.S.C. §371 after June 30, 2003.

Accordingly, copies are submitted herewith for only references listed on the annexed Form PTO-1449 that are not a U.S. patent or U.S. patent application publication.

The items cited in the annexed Form PTO-1449 were cited in a European Search Report enclosed with an official Communication dated July 23, 2004 from the European Patent Office in connection with European application no. EP 04 25 1583 which corresponds to the above identified U.S. application. A copy of the July 23, 2004 Communication and European Search Report is also enclosed. Some of the references cited (Japanese patent application no. JP 06-350334, Japanese patent application no. 10-154911 and Japanese patent application no. 2001-24431) in the European Search Report were previously submitted with the Information Disclosure Statement Applicants filed on March 17, 2004. Accordingly, the previously submitted references are not repeated on the annexed Form PTO-1449.

The citation of the listed items is not a representation that they constitute a complete or exhaustive listing of the relevant art or that the items are prior art. The items listed are submitted in good faith, but are not intended to substitute for Examiner's search. It is hoped, however, that in addition to apprising the Examiner of the particular items, they will assist in identifying fields of search and in making as full and complete a search as possible.

The filing of this Information Disclosure Statement is not an admission that the information cited herein is, or is considered to be,

material to patentability as defined in 37 C.F.R. §1.56(b).

A first Office Action has not been received in connection with the subject application. Accordingly, pursuant to 37 C.F.R. §1.97(b)(3), applicant believes that the present Information Disclosure Statement is timely filed and no fee or certification is due or required.

Alternatively, Applicants request consideration of this Information Disclosure Statement pursuant to 37 C.F.R. §1.97(c)(1). Applicant certifies, pursuant to 37 C.F.R. §1.97(e)(1), that each item of information listed on the Form PTO-1449 attached to this Information Disclosure Statement was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of this Information Disclosure Statement. The date of mailing of the European Search Report is July 23, 2004, and therefore this Information Disclosure Statement is being timely filed, pursuant to 37 C.F.R. §1.97(c)(1).

No fee is deemed necessary in connection with the filing of this Information Disclosure Statement. However, if any fee is required, authorization is hereby given to charge the amount of such fee to Deposit Account No. 03-3125.

Respectfully submitted,
